<sup>a</sup>Dr. Galen W. Quinn, Division of Orthodontics, Duke University Medical Center, Durham, NC 22710

### ABSTRACT

A clinical review of second molar extraction cases treated over a period of more than 20 years, finding this to be an effective treatment modality in carefully selected cases when combined with adequate orthodontic supervision and therapy.

Dr. Quinn is Chief and Professor, Division of Orthodontics, School of Medicine, Duke University Medical Center, Durham, North Carolina, where he is also in the private practice of orthodontics. He holds a D.D.S. degree from Creighton University, where he later served as Dean of the School of Dentistry, and an M.S. degree from the University of Tennessee. He is a Diplomate of the American Board of Orthodontics
