### ABSTRACT

The mandibles of three baboons are expanded laterally by surgical osteotomy at the symphysis, followed by different regimes of stabilization and orthodontic movement.

Dr. Walters is Professor and Chairman, Department of Orthodontics, School of Dentistry, Loma Linda University, Loma Linda, California

Dr. Boyne is Chief, Oral and Maxillofacial Surgery, School of Dentistry, Loma Linda University, Loma Linda, California

Dr. Schlenker is Assistant Professor, Department of Orthodontics, School of Dentistry, Loma Linda University, Loma Linda, California

Dr. Lier is in the private practice of Orthodontics in Newport Beach, California

Dr. Homer is in the private practice of Orthodontics in Fullerton, California

**KEY WORDS:** ORTHOGNATHIC SURGERY.
