## **Perspectives in the Clinical Application of Cephalometrics**

The first fifty years

ROBERT M. RICKETTS<sup>a</sup>

<sup>a</sup>Dr. Robert M. Ricketts, 881 Alma Real Dr., Pacific Palisades, CA 90272

### **ABSTRACT**

The story of cephalometrics is reviewed from the viewpoint of a clinician seeking the maximum in useful information. The various approaches are traced from early efforts to current frontiers and future prospects. Current applications are presented with full documentation for clinical use.

Dr. Ricketts is Clinical Professor of Orthodontics at the University of Southern California and Loma Linda University. He is a dental graduate (D.D.S.) of Indiana University, holds an M.S. degree in Orthodontics and Radiology from the University of Illinois, and is a Diplomate of the American Board of Orthodontics
