摘要:

目的 了解山东省济南与威海市医务人员法律知识水平现状及相关影响因素,探讨提高医务人员法律知识水平的方法与措施。方法采用整群随机抽样方法抽取济南、威海市市区所辖医院928医务人员进行问卷调查。结果 医务人员法律知识测试平均分为(7.89±1.70)分,62%的医务人员达到及格线;单因素分析显示性别、职业、职称、听取法律讲座次数、获得法律知识途径及熟悉的法律法规数量是医务人员法律知识水平的影响因素($P<0.001$ 或 $P<0.05$);多元线性回归分析显示女性、熟悉法律法规数量 >4 部、获得法律知识途径 >2 种的医务人员法律知识测试得分较高($B=-0.442, 0.7320, .284, P<0.001$ 或 $P>0.05$)。结论 山东省医务人员法律知识水平有待提高,需加强法律知识培训。

关键词: 医务人员 法律知识 测试得分

Knowledge about health law and its influence factors in medical workers in Shandong province

Abstract:

Objective To examine the status of knowledge about health law in medical workers and to analyze its influence factors for promoting the medical workers'level of health law. Methods The medical workers were randomly chosen with cluster-based sampling method and interviewed with a questionnaire. Results Totally 928 medical workers were interviewed and the total score of law knowledge was 7.89±1.70,with 62% of the medical workers passing the base line.The influence factors of the knowledge level were gender,professional,title,the number of participating in the legal seminars,ways to obtain knowledge of law,and the number of laws and regulations learned.Multiple linear regression analyses showed that female medical workers,the medical workers knowing more than four laws or regulations and obtaining law knowledge more than two ways had higher scores on health law knowledge. Conclusion The level of health law knowledge in medical workers is not satisfied and the training on health law should be strengthened.

Keywords: medical worker law knowledge test score
