### **The Communist Party of A Post-Communist Socialist or a New-Communist Party?**

**Author: MAXMILIAN STRMISKA**

**Published in GPS, Vol. 2 No. 2**

This paper examines the evolution of the Communist Party of Bohemia and Moravia (CPBM) with special attention given to its identity and programmatic and policy positions in the 1990s. It argues that the CPBM represents a special type of a post-communist “radical socialist” party with neo-communist leanings. It is neither a “social-democra-tized” ex-communist party, nor an ultra-orthodox communist or genuine neo-communist party.
