# 万历《会典》的编纂特色及其存在的问题

鞠明库 （ 河南师范大学社会发展学院 河南新乡453007 ）

文　摘　　万历《会典》为明代官修的行政大法，也是记载有明一代典章制度最重要的史著。其在编纂上呈现鲜明特色，如统分结合，结构严谨；图样众多，形象具体；遍用小序，提纲挈领；典、例结合，编排有序等。同时，由于卷帙浩繁、典例繁多、成于众手等原因，又存在着纪年混乱、避而不载等问题。

The Features of Compilation and Questions of Wan Li Hui Dian

Ju Mingku ( Henan Normal University, Henan Xinxiang 453007 )

Abstract: Wan Li Hui Dian is regarded as not only the code of administration of Ming Dynasty , but also the specific historical record of laws and institutions. While distinctive features of compilation of Wan Li Hui Dian , there are some problems of confusions in years and avoiding records created by reasons such as a vast literature ,numerous laws and institutions and instances , wrote by many people.

Keywords: Wan Li Hui Dian, Features of compilation, problem
