### Hydrology of the Texas Blackland Prairie: Riesel Watershed Data and Published Hydrologic Relationships

U.S. Department of Agriculture-Agricultural Research Service

- [Introduction](#)
- [I. Historical Data \(24 MB\)](#)
- [II. Supporting Information \(64 MB\)](#)
- [III. Published Studies \(1 MB\)](#)

This CD is a compilation of measured hydrological data of the Riesel Watershed collected since 1937 at the USDA-ARS Grassland Soil and Water Research Laboratory. The data contains the entire record of precipitation, runoff, sediment loss, management practices and limited meteorological information. Spatial information such as watershed boundaries, soil type, topography and site locations are provided in GIS format. The CD also contains publications based on the Riesel data. The data is also available at <http://www.ars.usda.gov/spa/hydro-data>.
